MODERN HOTEL DESIGN: THE SETIA HOTEL IN SOUTH BEACH

VA 1-432-331

Put it

Miami is absolutely one of my favorite cities. It's chic, sexy, modern, and there's always something new and FRESH happening. One of the hot spots that's sticking out in both seariness and design is [The Setia hotel](#) in South Beach. The oceanfront resort designed with rich cultural diversity, international art, Art Deco and Asian inspirations. The building itself, was originally built between 1936-1938, and with the combination of materials, color, light and history, old meets new in a very chic and modern way.
